## AUGUST 2021

Girls have continued to meet through the pandemic 25 Girls and leaders joined to attend Camp in Brest for AMAZON 2021 where they did tree climbing,

Played team games (blanket volleyball)

Learnt about collecting blueberries (to make compote) and herbs for their cooking and medicinal purposes

rowed on the lake

and earned badges (they are our old Brownie badges put to good use)

The last evening they had a camp fire and Anya wrote:

“ final solemn campfire will be especially remembered for all participants without exception, but most of all, of course, those who made a Guide promise. Congratulations to Zoya Kryukova and the leader Tatiana Temraleva on this event “ Tatiana is the Leader of a new group meeting in Zhodino library

The World Flag is a very important part of their Promise Ceremony as can be seen by the girl holding it as he says her Promise.

The Girls in Minsk Region also has a weekend of Life in Eco Style, where they collected Rubbish along the banks of the River Plisa:

**Their summer seems to have been packed with activity, and from the photographs their Units are growing – hence 2 units now meeting as the Paddington Bear group in Zhodino library! The borders in Belarus are closed so no-one can travel out of the Country.**

**Parcels will be going out soon containing donated craft items and keyrings for the leaders and Young Leaders in Training with a Friendship knot in to remind them of our continued support for their Organisation and all they do without the resources we have available.**

**THANKS FOR ALL THE SUPPORT FOR THE BELARUSSIAN LINK.**
